About Us:

NetSecurity is a hands-on security consulting and training company. We work with you to understand the unique security challenges, goals, and requirements of your business. We then provide tailored, high quality, customer-focused, and cost-effective solutions to protect you against emerging security threats and the knowledge you need to manage your enterprise security risk proactively. As a training company, we provide knowledge of real-world security issues through simulated and "how-to" exercises that enable you to do your job successfully, saving you retraining costs and time.
